# ERIC **E-MONEY**WHEAT

Fashion concierge to the stars, Eric “E-Money” Wheat is a trusted professional in the worlds surrounding fashion. Professionally known as “E-Money”, the Florida-made stylist delivers southern swag and sophistication with “The Money Look”.

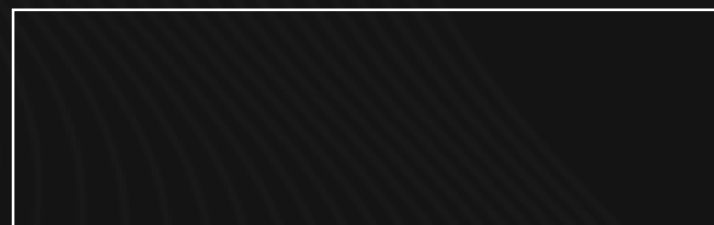

Frequently gifted clothing and music for holidays he took an early interest in fashion, creating the E-Money persona. Atlanta influenced by residency, he began his career working closely with the styling firm The Nehemiah Group to bring Florida flavor to industry elites. True to his roots, Eric vastly grew independent to host more Southern talent and projects with “The Money Look”.

Wardrobe specialist, stylist, and personal shopper, “The Money Look” is an all-service experience that crafts images domestically and internationally.

Eric has curated looks for a host of athletes, recording artists, entrepreneurs, and public figures to include Ray J, Migos, Keith Sweat, Jacquees, Cyhi, and longtime clients, Plies and Pretty Ricky, amongst many.

Widely known for image consulting, E-Money’s signature “lax, yet luxe” aesthetic is highly sought after for red carpets, video shoots, editorials, and tours.
